Spiritual Readings for Personal Growth and Development

Discover Your SELF

Discover What You Need to Know to Become Your True SELF

I do not use tarot to “tell your future”.

I use it to help you learn more about yourself so that you may create the future you want.

Your tarot card reading will take you on a journey of self-discovery and empower you to let go of what is not working for you.

The tarot cards will identify your inner strengths so that you may embrace your true SELF.

Your reading will empower you to manifest the future you want for yourself.

Monthly Life Wheel Tarot Card Reading

Your Personal Inner Work Reading for Every Month

I use tarot to identify what you can do to grow and develop yourself every month.

Your unique reading will give you:

- Overall KEY words and energies for the month.
- What to focus on in your emotional, health, money and career, relationships, and spiritual life areas during the month.
- Special dates for the month that will support your personal growth and development.

You do not need to be present for your readings but I will allocate a time slot to you so that you know when I am doing your unique reading. Your Life Wheel Tarot Card reading will be sent to you through email on the last day of every month. This allows you to reflect on the tarot messages and to prepare you for your inner work journey for the month ahead.
